

DOCUMENT E — FTC COMPLAINT

Filed against: DNF Associates, LLC

Portal: reportfraud.ftc.gov

COMPLAINT TYPE: Debt Collection Abuse / Collection of Fraudulently Originated Debt

NARRATIVE:

I am reporting DNF Associates, LLC for attempting to collect a debt that arose from fraudulent misrepresentation at the point of sale.

What happened:

A Fortiva Retail Credit account (ending 9302) was opened in my name through deceptive sales conduct by a Vivint representative, who verbally promised a 30-day free trial while the written contract contained only a 3-day cancellation window. I disputed this directly with Fortiva and demanded the account be closed; Fortiva refused and later charged it off. Fortiva then sold the disputed, fraudulently originated debt to DNF Associates, LLC on or about 05/15/2026.

DNF Associates' conduct:

DNF Associates acquired and is attempting to collect on an account it knew or should have known was disputed and fraudulently originated. I have sent DNF Associates a formal FDCPA debt validation demand; failure to validate and continued collection activity constitutes a violation of 15 U.S.C. § 1692g.

Relief Requested:

- FTC investigation of DNF Associates' practice of acquiring and collecting disputed, fraudulently originated debts
- Investigation of Fortiva's sale of disputed accounts to third-party collectors without resolving the underlying dispute
- Enforcement action if a pattern is confirmed

Company Information:

DNF Associates, LLC | 2351 North Forest Road, Getzville, NY 14068 Fortiva Retail Credit / Bank of Missouri | myfortiva.com
